

SATURDAY, NOV. 4, 2017
1:00 - 3:00 PM
CWPL Meeting Room
411 S. Lake St. Cadillac

Steve Stanton

Leelanau Computer Repair
Suttons Bay, MI

Friends of the Library Presents:

IPHONE/IPAD TRICKS & TIPS

During this 2-hour hands-on session, many topics will be covered that will help you move from working with the basics to gaining insights into more advanced topics. We'll spend a little bit of time looking at the Settings where you control your experience with the device and then we'll get into apps and go beyond the basics.

- Texting with ease
- Surfing the Web with Safari
- Creating, formatting and editing email messages
- Printing
- Taking, editing and sharing photos
- Making and returning phone calls
- Setting up Favorites in the Phone app
- Managing Voicemail messages
- Expanding and Sharing Contacts
- Installing new Apps
- Connecting to the Internet
- Using Personal Hotspots
- Backing up using iCloud or iTunes
- Using the "Find my iPhone / iPad" app

Please make sure your device is fully charged and you know your Apple ID and password.

This will be a very content-rich training session and is **not designed for brand new users**. Material will be presented in both PowerPoint (projected slide) format and live demos. Handouts of all slides will be available for note taking and future reference.
